

You the HIRER is responsible whilst hiring this Bouncy Castle to ensure that all possible steps are taken to avoid injury or damage to the Inflatable. Please ensure that the following Safety Instructions and guides are followed: We strongly advise that you seek your own liability insurance if you are concerned about the cover this contract allows.

- 1) This unit has an age limit of 9 years old (Unless you are hiring one of our adult castles) Please ensure no one over this age uses the equipment.
- 2) No food or drinks or gum to be allowed on or near the inflatable Bouncy Castle which will avoid choking and damage (Please note if the Inflatable is collected in a dirty condition or damaged then the person hiring it will incur a cleaning and, or repairing charge)
- 3) All footwear, glasses, jewellery, badges MUST be removed before using the Bouncing Castle.
- 4) **NO one with Face paint to use our castles,** party poppers, streamers, silly string or ink based products to be used either on or near the Bouncy Castle, **they stain the castles and we will charge you for cleaning**
- 5) No smoking or cooking equipment near the Bouncy Castle.
- 6) No person or persons under the influence of alcohol and/or prescribed and/or non prescribed drugs and/or any other intoxicating substance will use or supervise the Equipment.
- 7) A responsible Adult (18+) must supervise the Inflatable Equipment at all times when in use.
- 8) Do not allow Children & Adults on the Inflatable Equipment at the same time.
- 9) Do not allow children around the back of the Inflatable Equipment unsupervised.
- 10) Make sure that the Bouncy Castle is not overcrowded, and limit numbers according to the age and size of Children using it. Try to avoid large and small Children from using it at the same time.
- 11) Prevent Horseplay, Please ensure Children are not pushing, colliding, fighting or behaving in a manner likely to injure or cause distress to others.
- 12) Please ensure that participants are not attempting somersaults and are clothed appropriately with nothing in their pockets
- 13) If the Bouncing Inflatable Castle is not being used for any part of the day, please switch the blower off at the mains.
- 14) It is essential to ensure that no-one with a history of back or neck problems or any medical condition which could reasonably be aggravated by using the Equipment is allowed on the Inflatable and also any Child who is feeling unwell.
- 15) Do not allow anyone to be on the Bouncy Castle during inflation or deflation as this is DANGEROUS.
- 16) No pets, toys or sharp instruments to be allowed on or near the Bouncy Castle.
- 17) Please ensure that Children are not attempting somersaults and are clothed appropriately and that nothing can fall out of their pockets.
- 18) Ensure that an area of 6 feet (2 meters) around the unit is completely clear. THE BLOWER SHOULD BE AT LEAST 1 METRE AWAY FROM THE BOUNCER.
- 19) The Bouncy Castle should not be used if it becomes wet on the jumping area. If no shower cover is fitted and in the event of rain, the unit should not be used
- 20) In the event of heavy rain, it is strongly recommended that the Bouncy Castle be switched off. Any wetness, including bubbling (which is normal) can be dried with a towel.
- 21) In the event that the blower stops working, please ensure all users get off the inflatable immediately. The blower has a safety reset button, try pressing this, also check the fuses and make sure the blower tube or deflation tube has not come undone or something has not blown onto and is obstructing the blower. In the event that it overheats, or loses power, switch the blower off at the mains, then switch it back on again 1 or 2 minutes later, and it should restart. If it does not, inform us straight away.
- 22) Inflatable Equipment will be fully secured to the ground at all times during use as per the manufacturers' recommendations, and should not be used when the wind or gusts are in excess of the maximum safe wind speed; Industry recommends a maximum wind speed of Force 5 on the Beaufort scale (19 – 24mph).
- 23) If the Equipment is used on licenced premises then this must be in a fenced off or hedged off area away from glass.

DISCLAIMER

Please note that all persons using this Bouncy Castle do so at their own risk, helmets are provided for bouncy boxing and must be worn at all times to prevent accidents and injuries to the users when using our equipment.

The person/s or organization hiring this Inflatable equipment will be responsible/liable for any damage or injury occurring from or as a result of misuse or reckless use.

These guidelines are for the safety of all people using this equipment, and it is the sole responsibility of the hirer to ensure they are fully adhered to at all times.

Our Company cannot accept any responsibility for any injury caused to anyone using this equipment.

I have read the above agreement and fully understand and accept the conditions as above. I am aware that whilst in my care I am fully responsible for the inflatable and will pay for any loss or damage that may occur, this will include the inflatable being returned in an unacceptable condition, i.e.: If it is in a dirty or muddy condition, I will be expected to pay an additional cleaning charge. I have checked with the operator that the inflatable bouncing castle, has been erected and secured properly.

THE BALANCE IS DUE ON DAY OF HIRE WHEN THE CASTLE IS DROPPED OFF, CASH ONLY PLEASE.

Please Note: [Childrens Castles](#) must be collected by [7pm](#) for insurance purposes.

Important Changes To Health & Safety Legislation The Installation of Bouncy Castles & Inflatable On Hard standing Surfaces

All of our Inflatable equipment is suitable for both indoor and outdoor use, however if you wish to use the equipment outdoors but do not have an available grass area for set up it will be classed as hard standing and additional safety measures are applicable.

Legally, all our Inflatable equipment that is to be installed outdoors on a hard surface must have at least 163kg of weight applied to each pegging point, on some items that can be as many as 25 pegging points.

As it is not feasible or logistically possible to transport 1000's of Kg's of weight to your venue.

Highland Bouncy Castle Hire offer a Drill and Bolt option which is dependant on the suitability of the ground and is a charged at £10.00 per castle.

Our trained operative will drill into the ground and secure the anchor points with specifically designed bolts which meet the load requirements mentioned above.

The bolts are 80mm in length and 10mm diameter.

Surfaces that are not suitable for Drill & Bolt: Crazying Paving, Block Paving, Patio Slabs, Astro Turf, Rubberized playground flooring

If you are booking a castle to go on a hard standing area please make sure you have the permission of the landowner for us to drill holes in the hard standing area for a castle booked.

We will not be held liable for filling in holes after removal of the castle, if you are unsure please either arrange to have the castle installed on grass or at a indoor venue as we will not erect castles outside with sandbags.
